'Mini-Apps' (made for our Las Vegas workshop attendees)

Crow, N Cheyenne, Ute, N Arapaho, Lushootseed, E Shoshone, Pit River, Tewa, Zuni, Yurok, Ute Mountain, San Carlos Apache, Yavapai, Western Mono, St. Regis Mohawk, Oglala Sioux, Wukchumni, Tolowa Dee-Ni, Cold Lake Dene, Maskwacis Cree, Navajo, Hopi, Mi'kmaq, Lakota, Kickapoo, Siksika (Blackfoot), Ojibway, Inupiaq, Pascua Yacqui, Osage, Passamaquaddy, Yakama, Cherokee and more...

'Mini-Apps' are demonstration versions of our FULL APPS. Attendees of our Las Vegas workshops receive an iPad with a Mini-App (40 entries) in their language. The Mini-App is a temporary app, remaining on your iPad for a period of 3 months to gauge tribal interest in a FULL APP (500 entries + Culture Notes). All recordings are made by fluent speakers of the language, selected by our clients.

Apps Available to Tribal Members Only

- We also have several clients who do not wish to share their cultural information with the public. We have created apps for them which are only distributed to community members. We do this through Passcodes/PIN Numbers and private links.

(List created May 2014)
