Note: If different language groups from the same area get together and order 100 cartridges, we'll provide a single 3 day on-site training/recordings for all clients in one location.

- We'll show the groups how to program 100 audio files and pictures, input 1 CD and how to use the Nintendo DSi. Once we leave, the groups can continue adding information using our Language Pal software. Clients can get started immediately.
- Tech savvy people can learn the software in one day.
